SUBSCRIPTION PACKAGES

MNG Access is available via annual subscription with either a single or floating user licence.

A floating user licence allows multiple users to share one licence, maximising the benefits of MNG Access for a small group of users.

Three mapping modules are available within MNG Access:

1. **The Essential module** - allows viewing of project data and overlays, querying and utilisation of mapping tools.
2. **MAPS Plus** - offers multiple aerial image options with select data layers including lot boundaries.
3. **MAPS Premium** - includes all MAPS Plus capabilities and extensive data layers including land ownership details and sales history.
